Coronavirus (COVID-19) Update

All activities and in-person worship continue to be postponed until further notice.

The sense of longing we experience right now is deep and profound. Even so, as our desire to gather once again is great, we will only do so when we can provide a reasonable measure of safety. Your church staff works diligently to craft clear and comprehensive plans to guide us once we begin to gather.

While we anticipate it will be several more weeks before we are physically together, online streaming of worship services will continue. May the experience of worshiping with your sisters and brothers while at home bring a new and refreshing sense of blessing.
